

VOR RADIO

Turn up the volume

radio.voicesofpeace.lk

Voices of Reconciliation Radio is the first civil society internet radio station in Sri Lanka. VOR Radio addresses an enduring need to have a single repository of audio productions on democracy, governance, peace, reconciliation and related issues in Sri Lanka.

VOR Radio is part of the new media network, including the Groundviews citizen media website (www.groundviews.lk) set up by the Voices of Reconciliation Project, headed by CPA in partnership with IMPACS, Canada and supported by CIDA and AusAID.

We encourage CSOs and NGOs to provide us with content for VOR Radio, which is hosted free of charge.

Tune in today !
